

Program Overview

A concise brief for board packets and leadership distribution.

What we provide

Online, individualized tutoring as a supplement to school-based instruction and intervention. Partners gain tutor matching, flexible scheduling, referral coordination, and administrative reporting.

Who it serves

Students identified by partnering schools for academic intervention, advanced coursework support, AP preparation, or SAT/ACT preparation.

What administrators receive

- Clear referral workflow
- Monthly utilization reporting
- Optional Power BI Dashboard Options for hours, students, and subject demand
- Quarterly partnership reviews

Customization

Partnerships are tailored to district goals, enrollment, existing resources, and reporting requirements. Structure and investment are set during consultation, not published as fixed packages.
